

Since couples do not have a private place to kiss, they express their love out in the open. My Bay Area friend was surprised to learn that in Northern Mexico, where I'm from, things are quite different than in Mexico City. ... My American friend told me that they would be spending the night. While this surprised me, to them it seemed normal. I do not know why kissing in public spaces is so common in Mexico City and in the South of Mexico but so uncommon in the rest of ...hispanicLA.com - <http://www.hispanicla.com/>
