

Central bank President Henrique Meirelles lifted the benchmark lending rate last month to 9.5 percent from a record low 8.75 percent in a bid to stem inflation as the expansion picks up. The yield on Brazil's overnight interest-rate ... The yield spread between Tam and Gol bonds should be smaller because the companies' market share is similar, said Natalia Corfield, a corporate debt analyst with ING Groep NV in New York. "Numbers-wise and strategy-wise, they're each time ... Libro de Notas - <http://rcortesvargas.wordpress.com/>
